

It is with great pleasure that Scleroderma Quebec is announcing that it will hold four free virtual conferences that will start in September and end in November of this year.

These conferences will join patients and doctors with the goal of exchanging about scleroderma. All four conferences will be in French.

The different subjects discussed will be the following:

- **Dr. Ariel Masetto** will present the conference **Scleroderma 101** on **Wednesday September 9 at noon**.
- **Dr. Marie Hudson** will present the conference **Medical care and monitoring** on **Wednesday September 16 at noon**.
- **Dr. Sabrina Hoa** will present the conference **The treatments** on **Tuesday October 20 at noon**.
- **Dr. Deborah Assayag** will present the conference on **Pulmonary complications** on **Wednesday November 18 at noon**.

These virtual conferences will take place on the TEAMS platform, but it will also be possible to join them by phone.

You are all invited to participate in these conferences and ask the speakers questions!

We invite you to visit [Scleroderma Quebec's page](#) to consult the program and to register on Eventbrite by **clicking the event of your choice**.

Once you complete your registration on Eventbrite, an email will be sent to you with your ticket and all the instructions to participate in the conference. You will receive a reminder email one day before the event.
