Scleroderma Association of B.C. 2020 *Virtual* AGM & Conference

PRESENTER BIOS

Dr. Alyson Wong, MD, MHSc, FRCPC

Dr. Alyson Wong completed her respirology training at Dalhousie University, followed by an interstitial lung disease (ILD) fellowship and Master of Health Science at the University of British Columbia. She is a Clinical Instructor at UBC and physician in the St. Paul's Hospital ILD clinical and research programs. Her research focuses on the integration of health economics into clinical research.

Dr. May Kazem, FRCPC MD MHA BSc Biotechnology

Dr. May Kazem has completed her Rheumatology training at Schulich School of Medicine at University of Western Ontario, after completing her Internal Medicine Specialty, MD, and MHA at UBC. Dr. Kazem's professional interests include connective tissue disorders such as Systemic Sclerosis and how they affect different body systems. Under the guidance of world-renowned Scleroderma specialist, Dr. Janet Pope, she made Scleroderma one of the main foci of her fellowship and completed additional training in scleroderma-related lung and vascular disease. Dr. Kazem is excited to bring this experience to BC, to further augment patient care and raise awareness about Scleroderma.
